

Call for Poster Proposals

Overview: HealthCare Chaplaincy's Network's 5th annual Caring for the Human Spirit® Conference continues its tradition of offering poster sessions as a great opportunity for interactive presentation of emerging ideas, late-breaking results, experiences and challenges on spiritual care topics. Poster sessions are informal and highly interactive, and allow authors and participants to engage in comprehensive discussions about the presented work from which new collaborations, ideas and solutions can emerge.

The annual Caring for the Human Spirit® Conference is the preeminent professional education and networking event for the multiple health care disciplines that provide spiritual care — chaplains, social workers, nurses, doctors, educators, community clergy, and more. All presentations are focused on the crucial objective of advancing the integration of spiritual care in health care.

Submission Process: Proposals should include a title and a description of how your poster relates to the theme. Abstracts can be up to **500 words**. Posters are a visual medium, so please provide some information about how your poster will convey information visually. If your poster includes data, be sure to explain in your abstract how the data was gathered and evaluated. Because HealthCare Chaplaincy Network™ evaluates only the abstract in its decision, be sure that it clearly conveys the purpose of your poster presentation. All submissions and questions should be emailed to Jazimine Salvodon at jsalvodon@healthcarechaplaincy.org.

Proposals must include:

- Title
- Problem
- Action Taken
- Outcomes/Data
